## NBC-500 NON-BUTYL CLEANER

This product is a non-butyl cleaner-degreaser and odour counteractant that rapidly emulsifies animal, vegetable, petroleum oils and greases. It is biodegradable and completely soluble in cold and hot, hard or soft water. It is free rinsing, non-flammable and non-corrosive to metals.

**DIRECTIONS:** For general cleaning, degreasing, pressure washing and steam cleaning - dilute product with 80-160 parts water. For automatic scrubbing machines, wet mopping and sponging - dilute with 40-80 parts of water.

This product does not contain perfume or butyl cellosolve, therefore, it will not impart odours in food processing establishments.

**FOR COMMERCIAL USE**
